**Summary of reasons  
for classification:**

The computer image file printout *Dc185.jpg* is classified as:  
Objectionable.

The publication promotes and supports the exploitation of young persons for sexual purposes. The publication depicts a girl, probably in her early teens, urinating on the floor while engaging in sexual conduct with an adult man. The image has the potential to sexually arouse viewers and has the effect of legitimising and affirming the exploitation of young persons for sexual purposes and the use of urine in association with degrading conduct or sexual conduct.

The classification of this publication interferes with the freedom of expression, as set out in section 14 of the New Zealand Bill of Rights Act 1990. This outcome is consistent, however, with Parliament's intention that publications falling under section 3(2) of the Films, Videos, and Publications Classification Act 1993 are deemed to be objectionable. The classification is also a reasonable limitation on the freedom of expression that reflects the concern of a free and democratic society to limit the availability of publications that promote and support the exploitation of young persons for sexual purposes or the use of urine in association with degrading conduct or sexual conduct.
